## Programme Ideas

### Scouts Against Malaria – A New Initiative

As a County we have decided to back this great new initiative that has been headed up by Scouters from Hampshire, the scheme is now being supported by a number of other Counties.

Scouts Against Malaria is a multi-county initiative to raise money to purchase insecticide impregnated malaria nets for distribution in Africa. By raising money through the UK challenge badge scheme we can provide impregnated mosquito nets for distribution by African Scouts, who will be trained to educate the local population in the correct use of the nets. The challenge badge can only be gained by participation in a number of activities. To achieve the badge each person will need to have completed the following malaria themed activities:

- Understand the nature and severity of malaria, the illness, especially in young children.
- Understand how malaria is contracted.
- Understand how malaria can be prevented.
- Help to raise funds to reduce the incidence of malaria. This will include the purchase of impregnated mosquito nets and may also include the provision of material to educate people about malaria.
- Learn a little about Scouting in any country where malaria is common.

### Fairtrade Fortnight 2016 – 29<sup>th</sup> February to 13<sup>th</sup> March 2016

Fairtrade fortnight is a long running initiative set up by Fairtrade to raise awareness of the issues relating to Fairtrade such as poverty. This is an ideal opportunity to bring Global into your programme, potentially linked to food, but not necessarily.

One of this year's challenges is to host a Fairtrade breakfast as during Fairtrade Fortnight, the Fairtrade Foundation will be encouraging campaigners to inspire a multitude of Fairtrade breakfasts in their community – and wake others up to the challenges facing farmers and workers.
